Federation Maintenance Technician GR ref: 2032

37 hours per week, all year round

Scale G, points 20 to 22 (£26,446 to £27,514) plus £2,500 annual allowance
£28,946 to £30,014 actual salary per annum (pay award pending)

We are looking for an enthusiastic and highly skilled Federation Maintenance Technician to work under the guidance of the Federation Premises Manager. The post holder will be responsible for the day to day maintenance of all federation premises, using their skills to carry out tasks to minimise expenditure on external contractors where possible. The post holder will also work with the premises manager to deliver new projects across the federation. Essential to the role is extensive carpentry and/ or construction experience, ideally along with a basic understanding of plumbing and electrics.

The post holder will be keen to work in a school environment, although previous experience of working in a school is not essential. This role may suit someone whose skills have been gained in the construction industry and is looking for a change.

The successful candidate will have excellent communication and organisation skills, with the ability to work under their own initiative and manage their time with the support of the Premises Manager whilst carrying out their own tasks and overseeing maintenance carried out by other premises staff. You will also be flexible around working hours, understanding that on occasions tasks may need to be carried out in the evening or very rarely over a weekend. In return we can offer flexible working hours across the week and holidays that can be taken during term time by agreement.

The federation includes John Bears Nursery, John of Gaunt Infant and Nursery School, Bure Valley School and Aylsham High School. Our federation is truly comprehensive and we are committed to being an inclusive, welcoming and supportive school community. The federation is blessed with excellent staff, great facilities and a wonderful group of students, pupils and children.

If you would like to join a successful, and well-resourced premises team in a genuinely warm and friendly federation with a tremendous community attitude then we would love to hear from you.
