We are looking for a flexible, confident, reliable and organised person to lead the coordination and delivery of intervention across the school.

This is a broad and interesting role which will involve working with a range of colleagues, families, students and other professionals around the interventions our students receive.

This role combines administration, data analysis and planning work with students and colleagues around intervention to meet the learning needs of our students. The successful applicant will work with senior colleagues to plan and map whole school provision.

It is essential that applicants are able to work independently and as part of varying teams. The successful applicant will be able to work effectively within the demands of a busy school environment and will need to be approachable, calm and focussed.

Aylsham High School, part of Aylsham Learning Federation, is consistently one of the highest performing schools in Norfolk. The school is blessed with excellent staff, an outstanding group of students and great facilities including a subsidised nursery for staff. The support that we enjoy from parents and the wider community is second to none. We believe that if we are going to maintain and improve on the school's achievements, we have to continuously evaluate our approach to teaching and learning and this is a theme that runs throughout our school improvement planning.

If you would like to join a successful and genuinely warm and friendly Federation with a tremendous community attitude, then we would love to hear from you.

Further details and an application form are available on the school website www.aylshamhigh.com or by telephoning Mrs Ali Barker, HR Officer, on 01263 733270 extension 154.
