Dear Parent/Carer

## Year 7 Parents' Information Virtual Evening

As your child completes their first term at Aylsham High School it would be useful to provide you with further information to help us to work together to best support your child's progress. For the last couple of years the evening was held virtually using pre-recorded videos. This approach allowed us to offer a greater number of sessions, covering a wider area of topics. It also meant that more families could take part in the event as the pre-recorded sessions can be accessed at any time. Therefore, this year's parents' information evening will be organised in a similar way.

Included with this letter is a document which contains the links and QR codes to each of the presentation videos and also the YouTube playlists for the virtual evening, SIMS Parent and SIMS Student. A copy of this letter and details of the presentations can also be accessed via the parents' information evening page under the parents & carers section of the school website, [www.aylshamhigh.com/parentsinfoevening](http://www.aylshamhigh.com/parentsinfoevening).

These videos share key information to help you support your child with their learning. We would therefore ask you and your child to find a convenient time to sit down together and watch each of the videos that have been shared with you. This approach will really strengthen our work together.

We would recommend watching the assessment and reporting video first as this provides a brief overview of the other videos. We have included videos on the use of Google Classroom and Gmail as these are very useful learning tools that we will continue to use and students will need to ensure that they can access and use them confidently. The table on the next page shows the topics which are covered by the videos.

Please note, all of the videos for the parents' information evening are available via the school's YouTube channel except for the mindset for success video which is being shared with you via Google Drive.

I do hope that you find the videos useful and supportive. Thank you for your continued support.

Yours sincerely
