

KS3 and KS4 Computing Homework Plan 2023-4

Computing homework will take place once every half term. Some homework will be learning core knowledge, others will use worksheets and video-based learning. Students who do not complete homework will receive a lunchtime department detention. If they fail to attend lunchtime detentions to complete the missing work, a negative behaviour point will be added to SIMS. Students who persistently fail to return homework will receive an after-school detention.

Year 7	Topic	Delivery Date
