

### **Relaxing/Quiet Spaces – 2023/24**

We realise that break time/lunchtime can be difficult to manage at times. The busyness and playful attitude is not always for everyone and that's **absolutely fine!** Sometimes, we just need to take a break away from all of the excitement and breathe...

With this in-mind, certain staff within the school have offered their rooms for some relaxing sessions at social times which may/or may not include some activity-based fun.

**Please see below:**
