It takes a Whole Community to Educate a Child*

14 June 2022

Dear Parent/Carer,

## **Key Stage 3 Science Workbooks for Academic Year 2022-23**

I am the Head of Science and I would like to support our work together by sharing with you key information regarding your child's KS3 science studies so that we can best support your child during the school year.

At the start of each term your child will be issued a workbook to use in lessons which contains all the resources needed for the term. The expectation is that your child will attend each lesson with this workbook, if after 3 lessons without it a new copy will have to be purchased for a small cost through the department or parent pay.

A very important aspect will be for your child to learn the key core knowledge for this subject. To help with this, each student will have a copy of these in their workbook with answers, it will also be available on the website. Part of the homework will be based on learning these questions. The key to learning this will be to review the content on a regular basis. We will be reviewing this learning as part of our lessons but it will be very important for you to support your child at home by reviewing this with them. Learning this information will mean that we can build on this knowledge in class so that students understand the knowledge and can apply it as required.

Your child will also be issued a homework book which contains the application style exam questions part of the homework for each unit which your child will be responsible for over the term/year.

Many thanks for your support with this and please do not hesitate to contact me further if you have any further questions.

Yours sincerely,

Charlene Nicholls

Head of Science

Executive Headteacher: Mr D Spalding B.A. (Hons) M.Ed. (Cantab)

Deputy Headteachers: Mr C Bridge B.Sc. (Hons), Mr P Brockington B.Sc. (Hons) M.A., Mrs K Garnham B.A. (Hons) M.A.

Director of Business and Community Strategy: Mrs J Tuttle
